Maxmiler EX

Tyre for Commerical Van and Light truck

Technical details

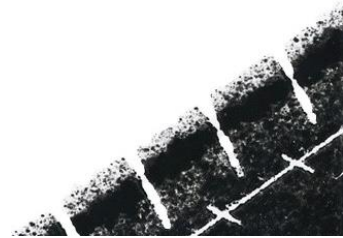

Speed Index	R - 170 km/h S - 180 km/h T - 190 km/h H - 210 km/h
Load index (Single tyre)	From 89 to 116
Maximum load (Single tyre)	From 580 to 1250 kg
Rim Size	From 14 to 16"

Product description

- **High level of safety maintained**
- **Excellent wet and dry handling with maximum mileage performances**
- **Reduced heat and fuel consumption**
 - o Silica based compound
- **Comfortable driving**
 - o Optimized weight construction
- **High load capacities whilst driving at speed**
 - o Reinforced belt construction

New bead design: Reduces heat buildup under high load conditions, extending the life of the tyre.

Maxmiler (X)

Tyre for Commercial Light truck

Technical details

Speed Index	N - 140 km/h Q - 160 km/h
Load index <i>(Single tyre)</i>	From 83 to 109
Maximum load <i>(Single tyre)</i>	From 487 to 1030 kg
Rim Size	From 12 to 15"

Product description

- **Excellent wet and dry grip**
 - o Vertical grooves and open horizontal grooves arrangement
- **Maximum mileage performance delivered with reduced heat**
 - o Specially designed tread compound
- **Robust load carrying capacities**
- **Reinforced structure:**
 - o Two steel belts and full nylon protector
